SMC NEWS

Were you aware that Braas Company and SMC offer monthly training on basic pneumatics? In addition, we jointly offer training on specific families of SMC products. Large classes are held at the local SMC Aurora facility, and smaller ones at our Braas Company, Elgin IL location. From basic pneumatic symbols, to complex circuit training, SMC and Braas Company have the resources to help prepare you for the circuit design challenges you face. If you would like to be notified of the next available pneumatic training class we are going to conduct, please e-mail us at:

LOCAL STAFF FEATURE

We are pleased to introduce Tamara Kelley, our new Customer Service Representative, located in Elgin. Tamara comes to us with over 8 years of customer service experience. She is continuing her education for an Undergraduate Degree in manufacturing technologies. Tamara resides in St Charles, IL. She is recently engaged and enjoys attending local events run by the city and her school. She is a current member of the American Society for Quality. "I am impressed with the dedication Braas Company has to their customers and proud to be a part of such an outstanding company (Tamara)."

SMC SENSORS

SMC offers a tremendous selection of electronic pressure and flow sensors and controls. Regardless of whether you need a digital or analog output, flow or pressure sensing or control, SMC has the answer. Please let us know if you would like more information on the state of the art products offered by SMC. They are readily available and very competitive. (Re: SMC Catalog ESI00-42)

"Character is like a tree and reputation like its shadow. The shadow is what we think of it; the tree is the real thing."
- Abraham Lincoln

SMC ACTUATORS

SMC has the most extensive line of actuators in the world. Many of the products are in stock, or are built from stock parts in the US. Products range includes: Extensive Range of Grippers (Parallel, and Angular) Rotary Actuators (2 position, 3 position, and Rotary Table Types). (Ref. Catalog P-E05-4B)
